

AURA

Easy, thoughtful
gifting starts here

A corporate gift they'll use and love forever

Aura frames turn appreciation into something personal, lasting, and meaningful. Recipients can fill their frame with unlimited photos and videos, and invite family, friends, and colleagues to add photos with the easy-to-use Aura Frames app. When you gift an Aura frame, you're giving more than recognition, you're giving memories and connection.

Save big when you gift Aura

Simplify your corporate gifting program with Aura's premium digital frames. We make it easy and affordable to reward employees, thank clients, and impress partners.

Flexible pricing designed to scale with your program

We offer a sliding scale of volume-based pricing, with additional savings available as order size increases. Products can be mixed and matched across our lineup to meet your gifting goals and budget.

Branding when it matters

Decorated frames are available for qualifying orders and may include custom logos or messaging. Custom decoration is subject to additional costs and can add up to four weeks of lead time, depending on complexity and order size.

Plan ahead for best results

To ensure timely delivery—especially for customized frames—we recommend placing orders as early as possible. Our team will work with you to align timing, customization, and budget.

THE PERFECT GIFT

Say thanks with Aura

Whether for the holidays or employee recognition, everyone loves receiving an Aura frame. It's a personal, beautiful gift they'll appreciate and actually use every day.

A close-up, warm-toned photograph of a woman and a baby. The woman, with dark hair and a gentle expression, is smiling and looking down at the baby. She is wearing a light-colored, button-down shirt. The baby, with light-colored hair and a joyful expression, is laughing and looking up at the woman. The baby is wearing a white, ribbed, long-sleeved onesie. The background is a soft, out-of-focus yellow fabric, possibly a blanket or sofa. The overall mood is intimate and heartwarming.
